

Your baby deserves an amount of DHA global experts recommend. Enfamil is the **ONLY** leading brand that gives it to them.

Switch with a FREE* tub of Enfamil NeuroPro at: enfamil.com/raise-the-DHA.

Enfamil believes all babies should get an amount of DHA global experts recommend. Similac gives American babies less than half the amount of the important Omega-3 nutrient we do, while giving babies in other countries more. Your baby deserves more. #RaisetheDHA

Let's fuel the wonder.™

World Health Organization (W.H.O.) recommended amount of DHA is 0.2%-0.36% of total fatty acids.

Enfamil's DHA amount = 17mg/100 kcal in USA Vs Similac = 8 mg/100 kcal in USA, 12.9 mg in China & 13.8mg in the UK
